EDUCATION

University of California, Santa Barbara, Santa Barbara, CA
B.S. in Computer Engineering

Expected June 2030

Abraham Lincoln High School, Los Angeles, CA
GPA: 4.25 Weighted

June 2026

EXPERIENCE

Lumos Scientific

April 2026 – September 2026

Contractor — AI Automation

Remote

- Built a Python CLI tool with Requests and Gemini API to look up faculty pages for NIH-funded researchers and extract contact details, with multithreaded lookups to handle hundreds of pages per run
- Added a second-pass model check to cross-check extractions; the full pipeline cut ~14 hours of weekly manual research to under 2 hours
- Cataloged 900+ principal investigators across universities and medical centers into a structured outreach database used by the sales team

Southern California Swimming

December 2023 – Present

Timing System Operator

Various Locations, Southern California

- Operated electronic timing systems for multi-day swim meets serving 900+ athletes
- Coordinated with a 10+ person officiating team to resolve timing discrepancies and keep events on schedule

PROJECTS

DARE Aquatics — dareaquatics.com

June 2023 – Present

Web Developer

Remote

- Built the team website with HTML, CSS, and JavaScript; a contact form on the site collected 70+ new-member registrations in 2026
- Wrote an automation script triggered by GitHub Actions that parses .ics calendar files and HTML pages from the coaching platform (TeamUnify), detects changes, and syncs updated events and articles to the site

Lincoln High School Journalism — lincolntigers.org/railsplitter

August 2025 – June 2026

Reporter and Web Designer

Los Angeles, California

- Built a multi-section news publication site (HTML/CSS/JS) where students browse and read articles by topic and issue; currently live and in use by the school
- Prototyped a CMS front-end for reporters to write, edit, reorder articles, manage subsections, and upload images
- Wrote 10+ student life and local news articles per semester

SKILLS

- **Languages:** Python, JavaScript, Bash, HTML, CSS
- **Libraries & APIs:** Requests, Google Generative AI SDK, concurrent.futures
- **Tools:** Git/GitHub, GitHub Actions, Linux/Command Line

ADDITIONAL INFORMATION

- **Certifications:** Adobe Certified Professional in Visual Design (April 2024)
- **AP Scholar with Distinction:** College Board (June 2026)
- **Athletics:** Varsity Swim Team Captain, Lincoln High School; CIF Division 3 Finalist (2024); Speedo Sectionals Qualifier (2024)
- **Interests:** Swimming, Surfing, Vinyl & Music, Cars & Motorsports, Hiking, Photography
